

LOCAL MATTERS.

WEATHER PROBABILITIES.—Aug. 13, 1878. For the Middle Atlantic States partly cloudy weather in the southern portions, occasional rain, light variable winds, mostly southerly, stationary temperature, lower pressure.

THE AGRICULTURAL FAIR.—At a meeting of the Directors of the Alexandria Agricultural and Industrial Association yesterday evening there were present: J. B. Smoot, president, Edgar Snowden, H. Strauss, Thos. Hoy, M. E. Harlow, John Perry and J. T. Beekham.

The meeting was called to meet a committee from the Woodlawn Agricultural Society which was represented by R. F. Roberts, Valentine Baker, N. W. Pierson and C. Lukens.

Mr. Roberts, chairman of the Woodlawn Committee, submitted the following preamble and resolutions:

That whereas, the directors of the Alexandria Agricultural and Industrial Association have invited the Woodlawn Agricultural Society to join them in holding a permanent yearly exhibition in the city of Alexandria and to subscribe the sum of three hundred dollars for sixty shares of stock into a new association to be known as the Alexandria and Fairfax Agricultural and Industrial Association, and that they be represented by five directors from the Woodlawn Society, therefore be it

Resolved, That our Treasurer, R. F. Roberts, pay from the funds belonging to the society the sum of \$300 to the Treasurer of the Alexandria Agricultural and Industrial Association and take therefor the stock of the new association for the benefit of the Woodlawn Society, and recommend R. F. Roberts, N. W. Pierson, C. Lukens, Jno. Ballenger and Valentine Baker as directors on the part of the Woodlawn Society.

On motion the resolutions were unanimously adopted, the gentlemen named were incorporated into the Directory, and the name of the association changed to that of Alexandria and Fairfax Agricultural and Industrial Association.

The following gentlemen came forward and subscribed to the stock of the new association: C. Gilliam, 2 shares; Magnus Schuler, 2 shares; Fred. Melcher, 1 share; C. Lukens, 2 shares.

The days for holding the exhibition were fixed for the 1st, 2nd and 3rd of October, 1878. Three gentlemen were appointed a committee to arrange the premium list, and to suggest the names of suitable persons to place at the head of each department represented at the fair. N. W. Pierson, R. F. Roberts and John T. Beekham were appointed.

The meeting then adjourned to the grounds at Peyton's grove, where an inspection was made with a view to its arrangement.

The meeting then adjourned to meet again next Monday evening at 5 o'clock.

EXCURSIONS.—The excursion of St. Mary's Sunday school to Geisboro to day was well attended.

The select excursion on the steamer John W. Thompson to Marshall Hall to night will no doubt be a most pleasant affair. There will be a display of fireworks on the grounds.

To-morrow morning Messrs. Hill & Co., will give a cheap excursion on the steamer Mary Washington. This excursion will differ from their former ones, in that all its patrons will be taken from this city, and not partly from Washington. Should this plan prove successful there will be a weekly excursion from this city.

The pavilion and what at Marshall Hall will be no handsomely decorated on Thursday evening next, the occasion being the Knights Templars' moonlight excursion to that place. An hundred Chinese lanterns will be arranged around the pavilion and those, together with the burning of colored lights and the bursting of rockets, will tend to the spot a very fairy-like appearance.

CITY COUNCIL.—The Finance Committee of the City Council met last night and discussed various matters connected with the finances of the city, especially those in regard to the city's appropriation for the maintenance of the public schools. It was decided to request the Mayor to call the City Council together to night, and to recommend certain action which has not yet been made public. The Council will probably meet to-night, and some action will probably be taken. As the matter now stands, unless the city comes forward promptly with its quota of the school fund, the schools will have to be closed.

LUNAR ECLIPSE.—There was a partial eclipse of the moon last night, which was plainly visible at this point. The eclipse began at 5:51 p. m., and ended at 8:48 p. m., and the passage of the earth's shadow over the moon's face was watched with much interest by numbers of observers. Several meteors were also seen, and it is predicted that there will be a regular meteoric shower for some nights to come. The constellation of Perseus in the northeast is the radiant point for these meteors, and is the most favorable part of the heavens for keeping watch.

POLICE ITEMS.—The only case at the Mayor's office this morning was that of Edna Todd, for drunkenness and abusive language on the street. She was discharged on taking the pledge for six months, and promising to do better.

Wm. Madella, colored, was arrested this evening by Officer Walker for assaulting his wife, Silas Madella. When the officer went to arrest him he seized an axe and used it; but was speedily disarmed.

THE CANAL.—Considerable damage was done by the late storm to the Georgetown level of the canal. There is a break in the level, which detains boats somewhat.

Ten days will be required to repair the break in the canal at Four Locks.

UNFORTUNATE.—Mr. John C. Phillips lost a valuable horse by lockjaw yesterday morning. Mr. David G. Watkins, of Old Dominion Mills, also lost a fine horse a few days since from injuries received by falling through a bridge near the mill.

REUNAWAY COUPLE FOUND.—Robert McNeir, who ran away from Great Falls, Md., several days since, with the wife of Lloyd Hill, has been found near Langley, in Fairfax Co., where he is living with the woman. They have not yet been arrested.

PERSONAL.—Among the late Alexandria arrivals reported at Orkney are Collector J. T. Hill, Councilman Hugh Latham and Mr. W. T. Mitchell.

Local Brevities.

President Hayes has accepted an invitation to visit Orange C. H. and Montpelier some time during October.

A twelve year old son of the late Thomas Chaucer had his arm broken on Lee street, yesterday evening, while playing with another boy.

Only one boat cleared from Cumberland on Sunday. All the light boats are below the break, and it is probable there will be no more shipments before the last of this week.

A large excursion party from Petersburg and Richmond, for Washington, came up on the A. & F. Railway this morning. A number of the excursionists stopped at this city.

Fatal Termination of a Family Feud.

New York, Aug. 13.—A special from Augusta, Ga., says:—“A difficulty occurred at Edgfield, S. C., yesterday, in which three men, Brooker Toney, Thomas Booth and James Booth were killed and seven others wounded—one of them mortally. The trouble grew out of a family feud of long standing. Toney's brother was killed several years ago, and Toney suspected the murder was committed by the Booths. He therefore swore that he would kill the latter on sight. The hostile parties met to day, when Toney proceeded to carry out his threat. He drew a pistol and fired, killing the two Booths before he was shot himself. Friends of both parties were drawn into the fight, and about twenty persons were killed in all. There was a desperate shooting meeting in progress at the time, about half a mile from the village of Edgfield in which the shooting occurred and Gov. Hampton, who was at the meeting, as soon as he heard of the fight, ordered a company of State troops to the scene. There was no fighting after the soldiers reached the spot. Toney killed a negro in Edgfield a short time ago, but this does not seem to have resulted in any curtailment of his liberty.

The Eighth Congressional District.

The rain of Saturday last prevented a full turnout of the conservative voters in Loudoun county and in two of the districts, Union and Mr. Gilead, no meetings were held. In the other districts Union delegates were elected to the Congressional convention.

A dispatch from Culpeper, C. H. states that Republican delegates from three Union and six anti Union delegates to the Congressional convention; but it is also reported that the delegates were instructed to vote for Monroë first and Union as the second choice.

The Remains of Montague.

SAN FRANCISCO, CAL., Aug. 13.—The body of H. J. Montague went East this morning, accompanied by the members of the “Diplomacy” troupe.

Death of a Writer.

LONDON, Aug. 13.—Rev. George Gillman, the well known religious and miscellaneous writer, is dead, at the age of sixty-five.

For a good breakfast or tea you often have to make rolls, biscuits and such delicacies, in about ten minutes. It's easy and certain with DOOLEY'S YEAST POWDER, the best of them all. Troubled housewife, here is one cause of your annoyances swept away like magic. Full weight and the best material are the watch word of the manufacturers.

Giles' Liniment Iodide of Ammonia cures Neuralgia, Rheumatism, Gout, Sprained Feet, Chills, Sore Throat, Erysipelas, Bruises and Wounds of every nature in man or animal. The remarkable cures this remedy has effected classes it as one of the most important and valuable remedies ever discovered for the cure and relief of pain.

Rev. Mr. Alliger, of Jamaica, L. I., suffered for years with a sore throat which clergymen and speakers are subject to. He obtained immediate relief from Giles' Liniment Iodide of Ammonia.

Sold by E. S. Leadbeater & Bro. Send for pamphlet.

DR. GILES, 120 West Broadway, N. Y.

CLOSING SALE OF THE SEASON.—Mr. Isaac Eichenberg has this day opened twenty cases of dry goods and groceries, which will be closed out at a minimum cash discount, and we will give our patrons a chance seldom offered. This lot of goods includes a variety of silks, satins, gingham, &c., and will be ready for exhibition Monday morning with prices that will astonish the natives. An early call will secure you a bargain.

UNTIL the first of September you can avail yourself of the advantage to procure bargains at our closing out sales. After said date I hope to see you at my new store, 904 7th street, Washington, D. C.

DIED.

At Fauquier Springs, on the 7th instant, of dropsy, in the 78th year of her age, Mrs. HAZARD, wife of Wm. H. Hazard, beloved wife of Wm. H. Hazard, and daughter of Alexander Scott, who represented Fauquier county in the Legislature of Virginia, and barely escaped death at the burning of the theatre in Richmond in 1811.

At the residence of her son in law, in Spotsylvania county, on Sunday, August 11th, 1878, Mrs. MARTHA A. COLE, wife of the late Horace Cole, aged 67 years.

News of the Day.

Three children of Michael Rath were drowned at New York this morning by the upsetting of their father's scow.

The total deaths resulting from the toro at Wallingford, Conn., have been increased to thirty by the injuries received terminating in death.

David W. Reed, of Malden, started from Boston yesterday for a walk through to San Francisco. He expects to accomplish the feat in one hundred and fifty days.

It has just transpired that an attaché of one of the foreign legations at Washington has within the last few days dropped for Europe, a king with him the wife of one of the department clerks, whom he met last winter at a reception and has been punning ever since. They forsook two children.

The Washington Star says: Professor Gardner, recorder of the Fitz John Porter board of inquiry, and General T. C. Smith have returned from their tour of inspection of Bull Run battle field. The trip was taken by Prof. Gardner for the purpose of familiarizing himself with the topography of the ground occupied by Fitz John Porter and the Confederate forces opposed to him, in order that he might intelligently cross-examine witnesses testifying in relation thereto. It is more than probable that the board of inquiry into Porter's case will, before rendering its final decision, also view the place and go carefully over the whole scene of the engagement.

Virginia News.

Among those ill at New Orleans of yellow fever are Rev. N. W. Wilson, lately of the third Baptist Church, Richmond, and his wife and child.

Maj. Jas. Law, of the 1st Virginia Cavalry, has a contract for furnishing cross-ties and bridge timbers for the construction of the Shenandoah Valley Railroad.

John B. Tinsley, the lessee of the Sweet Chalybeate Springs, died there yesterday. He had been connected for years with watering places in the mountains of Virginia and with hotels in Baltimore and Richmond.

Among those who obtained patents last week were H. Exall, Richmond, endless chain propellers; J. W. Harris, Waynesborough, vehicles wheel; and J. Morgan, Wheeling, W. Va.; devices for working the rudders of vessels.

A large party of North Carolina merchants have been on a visit to Richmond; they were received with characteristic hospitality by the people of that city. The visitors seem to have had a fine time, every means having been employed to render their stay at the capital city of Virginia agreeable and memorable in after years.

W. G. Richardson, a fugitive on the Chesapeake and Ohio railroad, was killed at Frederick's Hall yesterday morning. He was sitting on a cross tie, with his red light between his knees, awaiting the crossing of the train, and in this position he fell asleep, the express train running over him and killing him instantly. His body was terribly mutilated.

Five female convicts, two white and three colored, escaped from the penitentiary Sunday night. The three negroes were recaptured yesterday. The whites are still at large. One of the latter is named Amelia Russell, a native of France, who was sent to the penitentiary from Norfolk about eighteen months ago for stealing \$7,000 worth of diamonds from a Mr. Gould, of Brooklyn, while he and wife were at her house on a bridal tour.

Thomas Franklin, a well known contractor and builder of Lynchburg, attempted to commit suicide last week by drinking leadum. His physicians worked with him throughout the entire night, handling him roughly to prevent sleep, and finally succeeded in reviving him from the effects of leadum to find him moribund and finally succumbed to the effects of the poison. His death was a great loss to the community.

A TOWN IN TWO STATES.—Although Bristol is a small and unimportant town it has two mayors, two municipal governments, two bodies of police, and is taxed in two States. It is in Tennessee and Virginia, the centre of Maine street being the dividing line, and its peculiar position causes no little confusion and many local incidents. Young couples elope from Virginia, and by crossing the street, enter Tennessee, and are married without hindrance. A man commits a crime in Tennessee, flies to the opposite sidewalk in Virginia, and defies the officers of the former State. He needs to be very guarded in his movements, however, lest he cross the boundary and become amenable to the laws of the Commonwealth he has fled or stepped away from. Fugitives are often pulled across the street by officers armed with a warrant, and so legally arrested. Not long since a fellow who had stolen a horse in Tennessee crossed the boundary by walking 20 feet—and sending him self on a pile of dry goods boxes, laughed a pursuing policeman to scorn. While so occupied a law abiding citizen pushed over the pile of boxes and fell into the arms of the confederate and into the arms of the waiting and watching minions of the law.

Women who prefer to have their children born in one or the other State often live on one side of Maine street, and cross over just before the coming event. These are several instances in which expectant mothers have been a little too late, and their children destined for Virginia nativity have been born on Tennessee soil, while proclaimed Tennesseeans have clearly marked their destiny by being enrolled in the census of Virginia. A number of mature Virginians are still uncertain as to their place of birth, having vainly spent time and money trying to discover beyond doubt whether they are Virginians or Tennesseans.—Chegoe Leader.

Fires.

CHICAGO, ILL., Aug. 13.—The later Ocean's Beloit special says a fire broke out at noon yesterday in the large building of the Rock River Paper Co., which was nearly all destroyed, together with some stock. The insurance, \$22,000, will cover the loss.

OTTAWA, ILL., Aug. 13.—A fire at two o'clock this morning destroyed R. W. and H. C. King's planing mill, valued at \$18,000. Insurance \$11,500, and other property valued at \$2,000.

Accident to a Steamboat.

PORTSMOUTH, VA., Aug. 13.—The steamboat “Carolina,” which runs between Baltimore and Norfolk, broke her cross head while coming down the bay last night off Wolf trap, 25 miles north of here. Her mail and passengers were transferred to the steamer Lady of the Lake and brought to Norfolk. The Carolina will be towed to Baltimore for repairs.

Naval Review.

PORTSMOUTH, VA., Aug. 13.—The great naval review by the Queen, to day, promises to be a superb spectacle. The waters of Spithead and of the Solent are covered with sailing crafts of every description, and steamboats are arriving from all directions, bringing hundreds of persons to witness the review, which will take place at four o'clock.

Saratoga Races.

SARATOGA, N. Y., Aug. 13.—The first race to day for maiden two year olds, three quarters of a mile, was won by Dan Sparring, Cedric second and Annie Augusta third.

SARATOGA, N. Y., Aug. 13.—The second race—the Kener stakes, for three year olds, two miles, was won by the Duke of Argenta by a length; Bramble second and Spartan third. Time, 3:41 1/2.

The Potter Committee.

NEW YORK, Aug. 13.—The Potter investigating committee resumed its deliberations this morning. First witness called was Wm. H. Roberts, who being sworn, testified that he was editor of the New Orleans Times, Democratic journal, and during the campaign it used its influence to carry the State and national ticket; witness believed that Nicholls and Tilden carried the State of Louisiana. In either 1860 or '68 Mr. Hayes came down to New Orleans for the purpose of looking into the cause of the riots. He was a good shot and a good talker. He went out hunting and circulated freely about and made many friends for his party in that way. He did not seem to have come to fight democracy; witness knew Mr. Charles Foster of Ohio, and spoke of him as a truthful man, who dared to give expression to his opinion.

Witness was then asked about the course that was taken in regard to ascertaining the attitude of Gov. Hayes toward the State government of Louisiana, when he went on and stated that as a newspaper representative and as a man who was not actively engaged in politics he was selected to go to Ohio and ascertain the views of Gov. Hayes and what policy he would adopt in case of his election to the Presidency. Witness then went on to state that he proceeded to Ohio something before the returning board met and was about stating the result of the conversation he had with Mr. Halstead, who gave him a sealed letter to Mr. Hayes when he was interrupted by Mr. Hisscock, who objected to questions and answers that would be throwing mud upon the President.

Mr. Butler and his question to the witness was a plain one; he had merely asked him to state as near as he could the result of his interview with Mr. Halstead, editor of the Cincinnati Commercial, and he did not see how that was throwing mud upon the President by detailing exactly what was said or done. In regard to this investigation he thought that they should go into the length and breadth of it. We are here to ascertain if Mr. Hayes was elected by a fair count.

Marriage.

LONDON, Aug. 13.—Mrs. Lillie Jennie Mills, daughter of the Rev. Abraham N. Littlejohn, D. D., Bishop of Long Island, N. Y., was married to Mr. Frederick Wesson, of Brooklyn, this morning, at 11:30 o'clock, at the Royal Savoy, London. The Bishop of Nebraska officiated. The bride was attended by her friends, and a large number of the bride and groom, and other Americans in London.

COMMERCIAL.

ALEXANDRIA MARKET, August 13.—The market continues to exhibit a better feeling. The stock of Flour on hand is still light, with a good demand for the higher grades of super and family; old wheat Flour especially wanted, and very firm. The receipts of Wheat continue to improve, the offerings on Chicago to-day reaching about 7,000 bushels, with sales at 60, 70, 90, 100, 101, 102, 103, 104 and 105—the latter figures for prime red. Corn scarce, with sales of small lots of white of fair quality at 60; no sales of mixed reported. Sales of good Rye at 60-67. Oats scarce and quiet.

BALTIMORE CATTLE MARKET, Aug. 12 1878. Beef Cattle—Prices to-day ranged as follows: Best Butcher first quality..... 42 5/8 to 43 1/2 Generally rated first quality..... 42 5/8 to 43 1/2 Medium or good fair quality..... 40 5/8 to 41 1/2 Ordinary thin Steers, Oxen and Cows..... 35 5/8 to 36 1/2 Extreme range of prices..... 30 5/8 to 40 5/8 Most of the sales were from..... 40 5/8 to 41 1/2 and 42 1/2 to 43 1/2 head. Total sales for the week 1550 head.

Owing to a marked falling off in the receipts and a full demand, the market at wholesale this week was quite active, but not as much so in the retail trade, some finding operations to lag, while others found their way through. Prices advanced to fully on all grades, while a few dealers thought they were nearly or quite 1/2 higher than last week. The advance is viewed as resulting from the temporary scarcity of the offerings, and that next week lower figures are likely to rule.

Milk Cows—The supply is rather light this week, and the demand good for good Cows. We quote at 20-25 per head.

Sheep and Lambs—The market has been over-supplied this week and trade has been dull, buyers holding off in view of the heavy run in hope of larger concessions than are now offered. Prices are weaker in consequence. Good Sheep are quite scarce and in fair demand, as are also good stock Sheep. Lambs are quite dull, but a few are being sold. We quote butcher Sheep at 2-4 1/2, few, and those very choice, selling above 4 per lb, and no more even at that; stock Sheep sold at 3-4 1/2 per lb for best, and common 1-2 1/2 per lb, as to quality, Lambs 3-4 1/2 per lb head. Receipts this week 1100 head.

Hogs—The receipts of good Hogs have been comparatively light, and the demand for that class has been fairly active, prices for them ranging at 6-10 1/2, a few only, and those choice, selling at the latter price. Common gross Hogs have been numerous, but they were not sold, and considerable concessions have to be accorded to effect sales, prices for them ranging from 5-10 1/2, and a few at 6-10 per lb. Arrivals to Saturday about 1450, and since then some 350 head. Receipts this week 4900 head.

BALTIMORE, Aug. 13.—Virginia is old 23; do deferred 24; do consolidated, 53 1/2; do 21 series 22 1/2; past due coupons 74 1/2. Cotton quiet; middling 11 1/2. Flour steady and unchanged. Wheat—Southern active, strong and higher; Western fairly active and easier; Southern red prime 10 1/2; do number 10 1/2; No 2 Western winter red 10 1/2; Aug 10 1/2; Oct 10 1/2; Oct 10 1/2. Corn—Southern steady; Western easier; Southern white 52; do yellow 52; Western mixed spot and Aug 48 1/2; Sept 49 1/2; Oct 50 1/2; do 50 1/2. Oats moderately active and easier; Southern 30 1/2; Western white 32 1/2; do mixed 30 1/2. Rye steady at 60. Hay dull and unchanged. Sugar steady at 54 1/2. Cotton strong and unchanged. Whiskey firm at 51 1/2.

NEW YORK, August 13.—Stocks generally strong. Money 2 1/2. Gold 160 1/2. Flour quiet and firm. Wheat 2 1/2 better and quiet. Corn a shade firmer and moderately active.

PORT OF ALEXANDRIA, AUGUST 13.

Str J. W. Thompson, Leonardtown, to FA Row. Str M. M. Nomi, to J. Brothers & Co. Str Frank G. Dow, Georgetown, to J. P. Agnew & Co.
